**Grafton** — The ultimate surprise in the Hometown Heroes project will be the excitement on the faces of the Longoria family when their new and improved

home is revealed to them later this month.

In the meantime, if you're a parent of a 'tweenage or teenage girl, here's a tidbit of information you can use to surprise her:

Actor Jonathan Bennett is scheduled to make an appearance on the day of the home reveal, scheduled for Nov. 25.

Bennett played Aaron Samuels in the 2004 movie "Mean Girls," and appeared in "Cheaper by the Dozen 2" and the ABC Family Television movie, "Love Wrecked" with Amanda Bynes. He's also appeared on a number of television shows, including "Veronica Mars," "Smallville," "Law & Order: Special Victims

Unit" and "Boston Public." He currently has three films in production, including National Lampoon's "Van Wilder 3," where he co-stars with Kristin Cavallari.

"We are expecting Jonathan for a meet-and-greet as part of the events on November 25," says Hometown Heroes Family Edition's Jim Kacmarcik. "There are also a number of other surprises to come."

Kacmarcik says that work is not just continuing on the Longoria house, but also on plans for the big reveal.

"We want people to come see and pay tribute to the incredible amount of volunteer work that's been going on," he says. "We are hoping that people will come out and feel moved and compelled by the Hometown Heroes Family Edition story."

More information about the activities, as well as other special guests, will be released within the next few weeks. To follow the progress of the project, or to see how you can help, log on to [www.kapcoinc.com](http://www.kapcoinc.com) and click on the Hometown Heroes Family Edition link.
